

macroblock_luma_prediction

```
graph LR; A[macroblock_luma_prediction] --> B[best_16x16_luma_prediction]; A --> C[do_16x16_luma_prediction]; A --> D[enum_16x16_luma_prediction];
```

The diagram is a flowchart with four rectangular boxes. The box on the left is shaded gray and contains the text 'macroblock_luma_prediction'. Three arrows originate from its right side and point to three white boxes on the right. The top white box contains 'best_16x16_luma_prediction', the middle one contains 'do_16x16_luma_prediction', and the bottom one contains 'enum_16x16_luma_prediction'. All boxes have a black border.

best_16x16_luma_prediction

do_16x16_luma_prediction
